Program

Presentation by Tim Haynes, Cenergy. As building and energy experts, Cenergy, LLC specializes in providing a comprehensive range of cost effective, energy-related design and consulting services. As certified HERS (Home Energy Rating System) Raters, the Cenergy staff is well-trained in diagnosing energy related problems and recommending cost-effective solutions. Cenergy also offers ACCA Manual J8 load calculation services in residential Heating, Ventilation and Air Conditioning, to help contractors choose appropriate equipment for new and existing homes.

Builders, architects, and other building and mortgage industry professionals rely on the extensive knowledge of our specialists and the complete accuracy of our energy analyses. Cenergy is accredited by the Home Energy Rating System (HERS) Council and the Residential Energy Services Network (RESNET) for performing residential home energy ratings, and certifying homes as Energy Star compliant. Cenergy is also certified by ACCA to provide Manual J load calculations for residential heating and cooling.

More information about Cenergy, can be obtain from their website at www.ratedhomes.com.
